Overall Risk Score	100.0 / 100

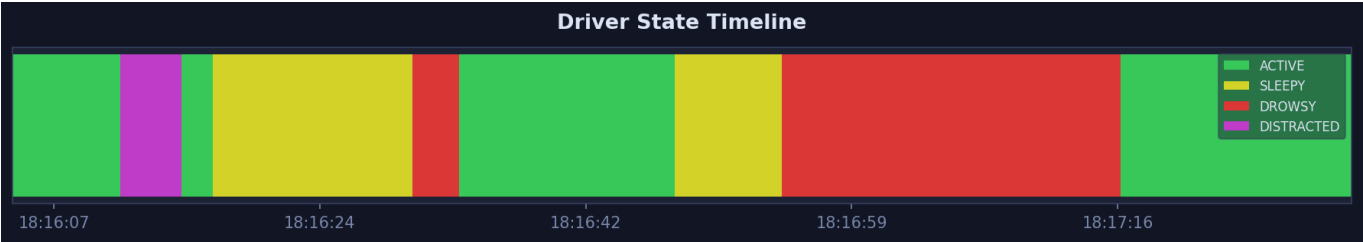

DriveGuard - Session Analysis Report

RECOMMENDATIONS

1. You had 2 drowsy episode(s) totalling 24s. The longest lasted 21s. Consider pulling over and resting if you feel your eyes getting heavy.
2. You were distracted 1 time(s) for a total of 4s. Keep your eyes on the road and minimize phone or passenger distractions.
3. Your fatigue level reached a critical peak of 100%. It is strongly recommended to take a break every 90 minutes of driving.
4. Your fatigue was trending upward throughout the session. Plan for rest stops on longer drives.
